

Conceptual tables										Logical tables																																											
Information tables																																																					
Objective tables - 1*					Knowledge - 2*					Policy/System tables - 3*		Data tables		Process tables - 6*																																							
Goal tables		Measures			Fundamental tables					Strategies	Tactics	Facts 4*	Data bases 5*	Processes	Applications																																						
Purpose	Benefits	Values - SWOT for needs & wants		Issues - PIs	Metrics		Secondary tables			Strategies	Tactics	Facts 4*	Data bases 5*	Processes	Applications																																						
Ideal	Prosperity	Profitability		Tailored to suite the values of the organisation	Tailored to suite the values of the organisation (optional)	Id	Su	Ow	Cl	Of	Rg	Pr	Ru	Do	Rs	Sk	Tr	Utilities	Classification		To be discovered - Depends on discovered knowledge a good Ripose grade 2 will uncover them	To be discovered - Depends on discovered knowledge	To be discovered - Depends on discovered knowledge and facts	Find	Add	Cancel	Reinstate	Delete	Update	Display	Request	List	Repeat	Test	Call	Print	[Others]	Depends on data base design and processes - E.g. Post codes; Resources; Skills; Billing; Receipts; Orders; Purchases; [Others]															
		Audience																	Productivity																				Lo	Pa	Ar	Bu	Offerings	Navigation									
		Uniqueness																	Resources																									Ac	Ap	De	Customers						
	Robustness	Distribution																	Fi	Legacy																			Ca	Ev	Enterprises	Staff											
		Benevolence																																								Individuals		Processes	Corporations								
		Quality																																								Communications			[Others]								
	Esteem	Technology																	Ill-will	Nondescript																			Disorder	Withdraw		Finances	Receivables		To be discovered - Depends on discovered knowledge	To be discovered - Depends on discovered knowledge and facts	Processes	Communications		[Others]		Depends on data base design and processes - E.g. Post codes; Resources; Skills; Billing; Receipts; Orders; Purchases; [Others]	
		Planning																		Withhold																				Destitute			Payables					[Others]		[Others]			
	Perceptiveness	Communication																	Disorder	Ineffectual																			Destructive	Commonplace		Counter purpose	Cash book		To be discovered - Depends on discovered knowledge	To be discovered - Depends on discovered knowledge and facts	Processes	[Others]		[Others]		Depends on data base design and processes - E.g. Post codes; Resources; Skills; Billing; Receipts; Orders; Purchases; [Others]	
		Withdrawn																		Isolation																				Deficit			Banking					General ledger					
Ignorance		Malevolence		Valueless - avoid		Poverty		Hardships		[Others]		[Others]		[Others]		[Others]		[Others]																																			

Notes \*: Information architect required to clarify objects

Ripose architect	Equivalence
0 - Grade 0	Information architect
1 - Grade 1	Enterprise/business architect
2 - Grade 2	(Business engineer)
3 - Grade 3	
4 - Grade 4	IT architect
5 - Grade 5	(Software engineer)
6 - Grade 6
